Administration

11.4 Attendance of children whose parent are employed by the pre-school

Procedures

As an organisation, we strive to achieve and maintain professional standards and ensure that our staff members are fully supported within the process.

We recognise that as part of the local community, staff may wish their own child/children to attend Sunnybank pre-school. With Prior arrangement with the management, this can be facilitated on days when the parent does not attend for work, in order to avoid a conflict of interest in maintaining a professional environment for all.

This policy was adopted by

Sunnybank pre-school
