

Policies and procedures implementation and review

0.0A Implementation and review procedure

We have one set of policies and procedures which are consistent across our provision and in line with the current EYFS requirements.

- Policies and procedures are written and reviewed annually **as a minimum or when there is a change in practice or legislation.**
- Changes are only made to the policies and procedures by the owners/directors/trustees of the setting in liaison with the setting manager where risk assessment or other reasons indicate that this is required.
- Policies and procedures are risk assessed and reviewed following any incident that is reportable under RIDDOR.
- Disciplinary action may be taken where individuals have disregarded policies and procedures.

Familiarisation and implementation

- It is the responsibility of every member of staff, agency worker, assistant, volunteer and student (here on referred to as staff for clarity), within the setting to adhere to and always implement the policies and procedures.
- The setting manager offers advice and support to staff regarding procedure implementation.
- An overview of policies and procedures is included in induction for individual members of staff, with specific emphasis given to safeguarding procedures.
- Members of staff must sign to say that they are aware of and will adhere to the current policies and procedures.
- Members of staff understand that they must refer to the procedures as they support all aspects of their work within the setting.
- Staff meetings and in-house training events are used as opportunities to focus on procedures as required, and to discuss their implementation.
- Where there is an outbreak of a communicable disease or infection, the relevant procedure is photocopied and displayed for parents' reference during the outbreak.
- Other procedures may be displayed where a situation arises, for example to highlight health and safety concerns such as closing the gate.
- Following implementation of a procedure, such as emergency evacuation or other health and safety procedures, the setting manager will conduct a review as follows:
 - did all members of staff follow the procedure?
 - is further training required on any aspect of implementation?
 - did the procedure fit the circumstance; does it need adapting or changing?

Parents

- Parents/carers know how to access a full set of policies and procedures.
- Parent/carer forums (if in place) are used as opportunities to explain and discuss the implementation of the policies and procedures.
